## UNDERGRADUATE IRISH APPLICANT FAQ'S

## **ELIGIBILITY**

#### CAN I STUDY IN WALES AS AN IRISH STUDENT?

Whilst the UK is no longer part of the EU, Irish and UK governments have signed a Memorandum of Understanding which reaffirms the Common Travel Area (CTA).

The CTA gives Irish and UK citizens the right to access all levels of education and training, and associated student support, in each other's state.

You must be resident in Ireland or the UK for 3 years before the start of your course to be eligible under the CTA.

### WILL I RECIEVE FUNDING IF I STUDY IN THE UK?

If you are an Irish citizen student and meet the residency criteria, you can study in the UK for the same rate of fees as British students in the UK. Tuition fees are not the only expense when studying in the

UK you also need to consider accommodation and living costs.

Guidance on student finance for Irish students can be found <a href="https://example.com/herel-need-to-consider-accommodation-and-living-costs">https://example.com/herel-need-to-consider-accommodation-and-living-costs</a>.

## Republic of Ireland

If you are an Irish citizen and meet the residency criteria, you can study in the UK for the same rate of fees as British students in the UK and may be eligible for a maintenance grant under the Irish <u>Student</u>

<u>Grant Scheme</u>.

#### Northern Ireland

If you're from Northern Ireland but studying elsewhere in the UK, you can apply for a student loan from <u>Student Finance Northern Ireland</u>.

## **APPLICATION PROCESS**

#### HOW DO I APPLY TO UNIVERSITIES IN THE UK?

Irish students apply to UK universities through UCAS as they are classified as 'home' students.

UCAS is the Universities and Colleges Admissions Service and is the organisation responsible for processing applications to UK universities for undergraduate courses.

UCAS is a resource for parents, advisers, teachers as well as students and can be used to:

·Search for courses and institutions

·Apply to various courses

·Track your progress

·Respond to offers

#### HOW IS UCAS DIFFERENT TO THE CAO APPLICATION PROCESS?

The UCAS application process is more detailed than the CAO process and requires:

·A short personal statement (4,000 characters)

·An academic reference

·Predicted grades for ILC

You can apply to up to five different choices for universities/colleges and course choices. It is important to keep in mind that your

personal statement is received by all your choices so it should be applicable to all.

Guidance on the UCAS application can be found <u>here!</u>

## **ENTRY REQUIREMENTS**

## WHAT ARE THE ENTRY REQUIREMENTS?

Most UK universities require six Irish Leaving Certificate grades at Higher Level as an alternative to three GCE A levels.

UCAS uses a tariff system: You can use the <u>UCAS Tariff Calculator</u> to work out your total points.

Example: 120 UCAS Points is a standard offer for Nursing in the UK.

This is equivalent to 360 COA points.

#### IRISH LEAVING CERTIFICATE VS A LEVELS

The Leaving Certificate (higher) subject is worth two-thirds of an Alevel (UK, except Scotland). This is because Leaving Certificate students undertake several more subjects (often a total of six to eight) than a typical A level student, but as a result study them in a narrower fashion.

"Studying in Swansea University was one of the best decisions I have ever made. I cannot thank my lecturers and every single member of staff enough for the support, kindness and care that they surrounded me with throughout my studies. I am now working as a paralegal in a leading matrimonial and personal injury law firm in Manhattan NyC and plan to sit the New York Bar at the end of this year."
